

# Fellowship Opportunities in Public Interest Law

with

## Legal Services of New Jersey

**Help design and implement two-year projects in areas such as these:**

Immigration

Domestic Violence

Family Preservation

Health Care Access

Prisoner Reentry

Community Economic Development

**Equal Justice Works and Skadden Fellowships** offer great opportunities for those interested in starting or exploring a public interest law career. **Legal Services of New Jersey** is eager to work with law students entering their third year who would like to apply for one of these fellowships. We will be your project sponsor, design a project with you, and help complete the application process.

If you're interested, please let us hear from you. Applications will be due in the early fall, so it's not too soon to start designing a project now.
